ST. CARTHAGE CHURCH

The annual St. Patrick's day celebration to be given by the parishioners of St. Carthage church will be held at the Normal Park Masonic Hall, 6730 Wentworth Ave., on St. Patrick's night, Thursday, March 17.

On this particular year the feast of the patron saint of Ireland will be celebrated by the greatest dance and card party ever held on the south side. The dance is in charge of the Young People's Social Club, who have held so many successful dances in the past. The music for the dance will be furnished by the famous Lennon's orchestra. The card party will consist of bunco, euchre, and five hundred. The women of the parish have spared no little effort in procuring prizes for the card games and have collected many valuable prizes well worth winning.

Besides the dance and cards there will be other entertainment in keeping with the spirit of St. Patrick. A good time is in story for every one who shall attend this affair.

ENGLEWOOD BLUES TO GIVE DANCE

The Englewood Blue Baseball Association has arranged for a huge dancing party at the Englewood K. of C. clubhouse, 6323 S. Harvard Ave., St. Patrick's eve, Wednesday evening, March 16th.

Edmond J. Molyneaux, well known professional baseball man and athletic promoter, is chairman of the committee in charge.

Joseph A. Urban's popular orchestra will furnish the music.

Mr. Alexander Nisbe, late of 7140 Stewart Ave., died at his home last Wednesday. He was buried Saturday, with interment at Fairmont. He leaves a widow, one daughter, and seven sons to mourn his loss.

Mr. William Hoeck, 7313 S. Racine Ave., who died on Wednesday, was buried on Saturday from the Mt. Zion church, 81st and May Sts. Interment was at Mt. Hope.

D. O. I.

We certainly feel sorry for any D. O. I. who did not attend the "juvenile party" given by Auburn Park Court No. 205. Those who did attend are not through laughing yet.

Court No. 205 sure knows how to make folks enjoy themselves, so if you want to "get in" on what is being planned now, you will have to attend the next meeting and put your name down.

Gray hair restored to natural color. Mrs. Gitzen, 6329 Ashland Ave. Prospect 1436.

SPECIAL SERVICES AT 7th PRESBYTERIAN

Special services will be held at the Seventh Presbyterian church, 86th Place and Sangamon St., of which the Rev. Thomas Fulton Campbell is the minister, beginning Sunday evening, March 13th, and closing Easter Sunday evening, March 27th. Services will be held on Sunday, Tuesday, Wednesday and Thursday evenings at 7:45 o'clock. A special service will be held in the Sunday school Sunday, March 20th, at 12 noon. There will be excellent music by our large chorus choir, Y. M. C. A. quartet and soloists. Inspiring addresses by members of the Y. M. C. A. Business Men's Gospel Team Movement; good fellowship; a friendly greeting; a hearty handshake. The public cordially invited. Come and bring your friends. Strangers especially welcome. Cottage prayer meetings are being held in the different sections of the parish to prepare for these special services.

Dr. and Mrs. E. J. Meyer of Auburn Park have returned from a short vacation in Florida.

An unusually fine concert will be given at the Oglesby school on Thursday, March 10th, at 8 o'clock, by Armour Orchestra, under the leadership of Mr. F. W. Andrews and assisted by Miss MacManus, reader, and Mr. Chas. A. White, baritone. It is given under the auspices of the Parent-Teacher Association and the proceeds will go to the school.

Where are you going Friday evening, April 15th? Why, to the dance, of course, given by the Y. L. S. of St. Kilian's church. It is going to be given at Englewood K. of C. Hall, 63rd and Harvard Ave. Music by Sturner. Don't miss it.

GRESHAM WOMAN'S CLUB MEETS

The Gresham Woman's Club met March 4th with a very large attendance. The box luncheon at noon was a financial success, the amount realized to go to the Oakhaven Home building fund. The afternoon program was conducted by the art department of the club, Mrs. J. Fleck, chairman. Mrs. Wilbur Leigh gave an illustrated talk on "Treasures of the Art Institute," which was not only instructive but inspiring. Mrs. Chas. Clark spoke for the Oakhaven Home, complimenting the club on its activities and enthusiasm shown in raising a fund for so just a cause.

The club room was a profusion of colors by the numerous artistic exhibits of the school children in water colors, wall paper designs, cut work, crayons, posters, and art glass. Gresham Brebach and Edward Tuohy were awarded first prizes in bird houses. Other awards were given to Edwin Neusted, Stanley Grede, William Goldie, Burnette Smith, Meta Bringman; also exhibits from rooms 1, 2 and 9.

The next meeting will be March 18th, at which time the music department will have charge. Miss Clare Rockafield, chairman, will give a lecture-recital on American Music, beginning with the colonial period, coming on down to the music of today. This will be given in costume. Professional talent has been secured to represent the different epochs in American music.

Miss Emily Menz of 6038 St. Lawrence Ave. gave a dinner party Wednesday, March 2nd, for the girls of Reiss & Meyers, of which she is also an employe. The girls were: Tina Eelman, Mae Conrath, Frances Stachler, Eva Grannan, Mary Rheinhold, Clara Alfring, Ida Dupil, Clara Crane, Hannah McCurdy and Susan Cope. The table was beautifully decorated with pink and red roses, hand made baskets of roses and hand painted place cards. After the dinner the girls were entertained with games, music and dancing, assisted by Mae Conrath. Upon leaving one of the girls had mentioned it was Emily's birthday, much to the surprise of the girls. They all naturally congratulated her, also thanking her for the wonderful dinner and good time they had.

The ladies of the Federated church will hold an Easter social the evening of March 18th in the church parlors. A variety of baskets, flowers, also doughnuts and coffee will be on sale. Come one, come all, and enjoy a good time.

Miss Catherine Wise, a victim of a careless automobile driver, has returned home after six weeks in the hospital.

ROBERT EMMET COUNCIL MEETS

The Robert Emmet council staged what was considered the largest and most appreciative meeting at St. Anne's auditorium, Thursday evening, March 3rd, on the eve of Robert Emmet's birthday, in memory of the 143rd anniversary of the birth of Robert Emmet. The principal speaker of the evening was the Rev. Wm. J. Bergin, president of St. Viator's College, Bourbonnais College, Ill., who delivered one of the most brilliant orations on Ireland and America we ever had the pleasure of hearing. It remained for Mr. Joseph Graber to take the house by storm; the people went wild over his fierce, masterly address. Any council which is fortunate enough to secure the services of Mr. Graber will profit thereby and receive a rare treat. Fr. Cahill also spoke, lauding the council as the best in the city. Mr. Martin Higgins, an able, eloquent man and a veteran in the cause, spoke for Sergt. Prendergast, who is ill at his home, and offered stirring resolutions on the death of Champ Clark, the lifelong friend of Ireland and humanity. The sergeant sent word that he would bring fifty new members at the next meeting for the drive now going on.

There is now going on a friendly contest between the leading councils of the city. The Robert Emmet leads with sixteen hundred members; Nappen Tandy, fifteen hundred and fifty; Thomas Davis of Nativity, with thirteen hundred, and the Smith O'Brien of St. Cecilia's with eleven hundred.

The following artists entertained the great audience: Mrs. Agnes Tully Stevens, Mrs Edward Schreiner, Miss Ann Harrington, Miss Alice Devane, Mr. Leonard Huber, Mr. Jack Cunningham. Dancing, Paul Dillon and Miss Bernice Mahoney.

Seventy new members joined the colors and on the whole it was a memorable night for Ireland. There is a special meeting called for Saturday, March 19th, at St. Anne's for the purpose of asking for volunteers to canvass the parish to uphold the supremacy of this council.

POLICE CONTINUE QUEST IN MULVIHILL SHOOTING

Police continued today their attempts to pry into the secrets surrounding the fatal shooting of Timothy V. Mulvihill, ex-policeman, shot in a gun battle in the Little Bohemia cafe on the west side last week.

With Mulvihill at the time of the shooting was James Keane of Justine St. Keane declared the shooting was done without warning.

The proprietor of the place has been arrested. He refused to tell the police what prompted the shooting.

FATHER PEREZ SPRING DANCE AT WHITE CITY

Perez Athletic Association, of Fr. Perez Council No. 1444, Knights of Columbus, will conduct their annual spring dance on Friday evening, April 8th. Perez affairs are enjoyed by all and naturally are well attended. To accommodate the dancing public both ballrooms in White City have been secured.

Cope Harvey's wonder orchestra will play at the Perez dance in the White City ballroom and Travers' famous band of musicians will furnish the music that evening in the White City Casino.

Parties of friends are planning to attend the dance in groups. Many prominent ladies and gentlemen will be present.

The dance is being conducted by the athletes and friends of the council. This promises to be the feature event of the season. Everybody is welcome to enjoy it.

The New Auburn Health and Beauty Studios will open Thursday, March 10th, under the management of Ellen Hartquist and Agnes Rodholm, at 7912 Halsted St., 2nd floor.

L. C. B. A.

There will be a meeting of the L. C. B. A. Monday evening, March 14th, at the home of Mrs. Elizabeth McEane, 1021 W. 79th St. All L. C. B. A. members are requested to attend this meeting.

STAND ON YOUR HEAD AND BE HEALTHY

Stand on your head for health's sake, but stand on it under proper supervision. This was the ultimatum set forth today by Mr. and Mrs. C. W. Corbin, recently arrived here from New York. They claimed their idea met with great success in the east. Mrs. Corbin has been illustrating the rigors of the new system for ten days to many pupils in an improvised gymnasium in a local hotel.

"Standing upon one's head under proper supervision, is as vital to the health as it is fatal to the dignity of the extremely patient patient," Mrs. Corbin said. "It aids in making the body nimble and healthful."

Mrs. Martha Tapper, who died Wednesday, was buried from her late residence, 921 W. 86th Place, Saturday. The remains were laid to rest in Forest Home cemetery.

Mrs. Barbara Linder of 7250 Calumet Ave. died last Wednesday. The funeral was held Saturday from St. Columbanus Church, with interment at St. Adalbert's cemetery. She is survived by two sons and two daughters.

Mr. and Mrs. Frank Blaney of Gresham are the proud parents of a baby girl born Friday. Mrs. Blaney was formerly Miss Marjorie Cox.

PAGEANT OF PROGRESS

Millions of visitors are expected to be attracted to Chicago this summer as a result of the interest already displayed in the Pageant of Progress exposition, to be held on Chicago's $5,000,000 municipal pier July 30 to Aug. 14. It will be the greatest event in Chicago since the World's Columbian Exposition of 1893.

The idea of the pageant was conceived in the brain of Mayor William Hale Thompson. At first he contemplated an exposition of the products manufactured and distributed in Chicago, with the aim of stimulating business, advertising Chicago as a world market, and giving employment to thousands of men and preventing a bread line.

This idea he submitted to a group of representative Chicago business men. Their response was instantaneous and enthusiastic. It was given publicity. The response from business men in general was as enthusiastic as that of the first small group, and the mayor said:

"The idea is good, but we haven't taken in enough territory. Let's include the whole middle west, the territory from which Chicago draws."

Governors of twenty states were invited to send representatives to a dinner given at the Hotel LaSalle by the Hotel Men's Association a week ago. A dozen were represented and promised to co-operate. All lines of industry were invited to be represented. More than 600 business and professional men responded, and the enthusiasm was so marked that the mayor said again:

"We must expand again. Let us take in the whole country," and that is now being done. Inquiries have already been received from every large city in America, and the Pageant of Progress exposition will present exhibits showing the progress made in every important industry and business for many decades.

For exhibition purposes the municipal pier, extending into the lake more than 3,000 feet, has been divided into sixteen sections, allotted to various industries. A chairman of each section has been named, and is now busy distributing the space among exhibitors. As an indication of the interest that already has been created, the building and material men held a luncheon at the Hotel LaSalle Wednesday, March 2, and after a twenty-minute talk by Dr. John Dill Robertson, health commissioner, oversubscribed the section allotted to them by several spaces.

David Kinley, president of the University of Illinois, has accepted the chairmanship of the educational section, and is not only preparing an exhibit showing the great strides education has made, but is naming sub-committees to co-operate with each other section, to show manufacturers and business men how they can make their exhibits generally educational as well as informative about their own businesses.

Clothing manufacturers will exhibit the style developments of a century; a transportation exhibit will trace progress from the days of the two-wheeled ox cart to the modern motor car and aeroplane; and machinery, leather, furniture and other manufacturers, the packers, the dairy interests, and hundreds of other lines will be represented.

John Wahl, vice-president of the Wahl Manufacturing Company, has taken a large space and will set up a miniature plant which will manufacture Eversharp pencils in full view of the crowds. He has also purchased 35,000 tickets and will send one to each of his agents. Dr. Robertson, who is in charge of the ticket distribution, has promised to sell a million tickets before the doors are opened.

Although the Pageant of Progress exposition is designed primarily as a business exposition, plans are being made to present an unrivalled program of amusement and entertainment. Athletic sports on land and water, an Indian village, bands and groups of singers, and naval maneuvers by the naval militia of all the lake states are among the entertainment features already being arranged, and many others will be added.

Now that their quarantine has been lifted, the Honley family of 8513 Sangamon St. have returned home.

SURPRISE PARTY

There was a big surprise party of twenty children at Richard and Frank Bailey's house, 8538 May St., Saturday, Feb. 26th. They played bunco and Edna Edge and Ruth Limpfoot scored highest for the girls' first and second prizes. Sam Edge and Frank Collins scored highest for the boys' prizes. And imagine Helen Cowdrey with the booby prize—but it was a nice prize, so Helen didn't care. The guests danced and played games and everyone had a royal good time.

Chiropractic for the Working Man

If there is one thing which is imperative for the working man to possess it is HEALTH. It maters not how good a job you have you are forced to occasionally "lay off" because of sickness. You may not be sick enough to be confined to your house. You may even be able to do your work after a fashion, but you are by no means well. You take little interest in your work. You are sometimes hardly able to drag one foot after another. Already your co-workers are wondering how long you will last. Sooner or later you will be told your day of usefulness has ended, and you will be forced to seek a new job.

You have lost your Health. It is therefore your duty to yourself and family to conserve your health so that you will not be relegated to the "scrap heap."

What will do it? Not poisoning your system with drugs. Not by mutilating your body with the surgeon's knife. CHIROPRACTIC VERTEBRAL ADJUSTMENTS WILL MAKE YOU HEALTHY AND WILL KEEP YOU HEALTHY.

The Chiropractor locates the cause of your trouble and with his bare hands alone, adjusts them. The cause will invariably be found in nerve pressure, which in its turn is caused by subluxated (displaced) vertebrae (small bones of the spine). Directly this nerve pressure is relieved, the vital force will flow uninterruptedly from the brain to the various organs and you will possess that which you seek, HEALTH.

Chiropractic is indeed a boon to the working man.

The next regular meeting of Iota Sigma Phi sorority will be held Thursday evening, March 10th, at the home of Miss Mildred Leonard, 7140 Lowe Ave.

It is figured to take 2,000,000 marbles annually to supply the children of every 1,000,000 population, or about 10 marbles for every child. Any infant of an investigating turn of mind will swallow that number.

The girls claim that paint and powder are a form of advertising, but a merchant who advertised with no more regard to the truth would soon find himself out of business.

"THAT LITTLE HUNGRY BOY"

(From a Picture)

This child so sad
In rags but clad,
Is speaking for others in need.
Ere they embark
For shadows dark
And aching hearts that bleed.

But he died last night
When the golden light
Hid away far in the west;
For the want of bread
His spirit fled
To its home and haven of rest,

In the Father's fold
Where no hunger cold
Will torture this little lad;
Away from the earth
That gave him birth
But denied him the food it had.

—Alma B. Wilson.

CARE OF TEETH

By Dr. H. N. Novy

All questions relative to the care of teeth, mouth hygiene, etc., if of general interest, will be answered in this column. When space will not permit, letters will be personally answered.

Pregnancy and Decay of Teeth

It is a well known fact that during pregnancy a softening of the bones of the mother may occur. This is no doubt due to the absorption of certain mineral salts from the bones of the mother, which salts are necessary for the growth and development of the unborn child. Whether this phenomena may influence the decay of teeth remains to be proven. Still there is every reason to believe that the resistance of the tooth structure may be lessened to such an extent as to invite decay.

During the pregnancy period, an excessive amount of acid, due to vomiting, is usually present. It is safe to presume therefore that the action of these acids upon the teeth may cause them to decay. A very effective remedy to neutralize the action of any acids present is the regular use of lime internally, or milk of magnesia or limewater as a mouth wash.

To some authorities, decay of teeth during pregnancy is merely a question of diet. Reduce the candy and cracker consumption between meals and most tooth trouble during this period will be eliminated.

The teeth should receive all necessary care during pregnancy, that the mother should not suffer pain. But the work should be of a temporary nature, in order to avoid shock.

Any abnormal condition of the mother should be corrected, if possible, in order that her general nutrition and that of the child may not suffer.

The use of chewing gum after meals has been of value to some people who are susceptible to decay of teeth. It seems that the friction produced in chewing aids in removing fermentable food, and in addition the chewing promotes a free flow of saliva, which neutralizes the acids in the mouth.

If the mother will regulate her diet so as to eliminate starchy foods as much as possible, and in connection with this precaution use limewater or milk of magnesia as a mouth-wash regularly, she will pass through the period of pregnancy almost totally free from decayed teeth.

VALUE OF PUBLICITY SHOWN IN CRIME

When Willie Dalton, juvenile bank robber, surprised the country in the largest theft of gold bonds from the Northern Trust Company, last week, executives of the bank called in press representatives from the different papers and press associations of Chicago.

Within 48 hours after the youth absconded he was apprehended in a little town in Illinois and the bonds, with the exception of $500, were recovered.

In commenting on the arrest of the thief and the recovery of the bonds, bank executives highly praised the work of the press. In a statement issued, W. S. Miller, vice-president of the bank, said:

"The boy's picture and description were scattered so widely that he had hardly a chance of getting away. I attribute his capture to the splendid co-operation given us by the newspapers."

HOTEL FIRES

The terrible fate of twelve people who lost their lives a few nights ago in a fire in a hotel at Hoboken, N. J., will make many people do some serious thinking, as they go to bed in unfamiliar quarters away from home.

A fire in a hotel always seems a terrible thing. People are confused when they wake up in a strange place, and hardly know what to do for a few moments. While they hesitate, the fire may have gained astonishing headway. Elevator wells and air shafts make danger places in many inns. Many of these buildings are erected in a light and inflammable way, and the upper stories of high non-fireproof structures, are a place of peril. Alert watchmen always on the lookout, and ample fire escapes, are needed for the safety of the public.

YOUR MISTAKES

Neither let mistakes nor wrong directions, of which every man, in his studies and elsewhere, falls into many, discourage you. There is precious instruction to be got by finding we were wrong. Let a man try faithfully, manfully, to be right. He will grow more and more right.—Thomas Carlyle.

The Germans generously promise to "assist" in repairing the damage that they themselves created.

INCOME TAX FACTS YOU SHOULD KNOW

Frequent inquiries are received by collectors of internal revenue from storekeepers and other business men as to whether the taxpayer in business for himself may deduct from his gross earnings an amount of salary paid to himself. Wages or salary drawn by a taxpayer from his own business are more in the nature of a charge out of profits than a charge against profits. If deductible they would merely be added to his income and the effect would be to take money out of one pocket and put it in another. Therefore, claims for such deductions are not allowable.

Salaries paid to minor children employed in the conduct of a taxpayer's business are not allowable deductions. If, however, a son or daughter has attained majority, or is allowed free use of their earnings without restriction, a reasonable amount paid as compensation for their services may be claimed.

A farmer who employs a man to assist in the operation of his farm may deduct from gross income the amount paid for such services. Likewise, if he employs a woman whose entire time is occupied in taking care of the milk, cream, butter, and churns, or if her services are devoted entirely to the preparation and serving of meals furnished farm laborers and in caring for their rooms, the compensation paid her is an allowable deduction. If, however, she is employed solely in caring for the farmer's own household no deduction can be made.

In arriving at net income upon which the tax is assessed, deductions may be made for ordinary and necessary business expenses. The revenue act specifically prohibits the deduction of personal, family, or living expenses. Such expenses include rent for a home, wages of servants, cost of food and clothing for the family, education of children "and all items connected with the maintenance, well-being, and pleasure of the taxpayer and his family."

An Internal Revenue Office is open every day at 712 West 63rd St., where any or all information or assistance needed may be had without charge.

STATE TO BUILD 500 MILES OF ROAD

SPRINGFIELD, Ill.—Five hundred miles of new roads will be built by the state this year if the plans of the state highway department are completed. Bids for the first 150 miles will be considered by the loan department on February 18th.

FOR THE LADIES

Some bright person has wisely described the formula for remaining young: "Be stylish. Be smart. Be up on every new dance and every new movement. Don't reminisce. Don't settle. Keep moving—and be lively about it."

THE SPACIOUS FIRMAMENT ON HIGH

The spacious firmament on high,
With all the blue ethereal sky,
And spangled heavens a shining frame,
Their great Original proclaim
The unwearied sun, from day to day,
Does his Creator's power display,
And publishes to every land
The work of an Almighty hand.

Soon as the evening shades prevail
The moon takes up the wondrous tale,
And nightly to the listening earth
Repeats the story of her birth;
Whilst all the stars that round her burn,
And all the planets in their turn,
Confirm the tidings as they roll,
And spread the truth from pole to pole.

What though in solemn silence all
Move round the dark terrestial ball
What though no real voice nor sound
Amidst their radiant orbs be found;
In reason's ear they all rejoice
And utter forth a glorious voice;
Forever singing, as they shine,
"The hand that made us is Divine."

—Joseph Addison.

MUST PAY INCOME TAX ON BONUSES

Only single persons whose net income for 1920 was less than $1,000 and married persons living with husband or wife whose net income was less than $2,000 are exempt from the requirement to file an income tax return.

The obligation to consider his own case and to file an income tax return on time, if one is due, is laid squarely on the shoulders of every resident of the United States. Guesswork is barred. The returns are sworn statements, and accuracy is essential. Salaried persons and wage earners must ascertain the actual compensation received. Bonuses, shares in the profits of a business, values of quarters and board furnished by an employer, and other items of compensation for services must be included.

Gross and Net Income

Returns must show both gross and net income. Gross income includes practically every dollar received by the taxpayer during the year 1920. The net income is determined by subtracting from gross income certain deductions specified by the revenue law, and fully explained in instructions on forms 1040A and 1040 for filing returns.

Business expenses are the principal allowable deductions in computing net income. The law specifically prohibits the deduction of household and living expenses. Typical deductible business expenses are for salaries, labor, cost of merchandise, raw materials and supplies, rent, repairs, light, power, delivery, selling cost, advertising, and insurance. Doctors, lawyers, and like professional men may deduct from their gross income dues paid to professional societies and subscriptions to professional journals, rent paid for offices, amounts paid for light, fuel, water, and telephone used in such offices, and the wages paid to office assistants.

When Due

This year, as last, the tax may be paid in full at the time of filing the return, on or before March 15, 1921, or in four installments, the first of which is due on or before March 15, the second on or before June 15, the third on or before September 15, and the fourth on or before December 15.

The return must be filed with the collector of internal revenue for the district in which the taxpayer lives. Heavy penalties are provided for failure or willful refusal to make a return and pay the tax when due.

THE JOYS OF SHOPPING

When the women read how Mrs. Harding is busying herself with shopping, in search of the elaborate equipment she will need for her experience in the White House, they feel a thrill of sympathtic interest. Most women would enjoy this chance to buy beautiful things freely, about as much as any other pleasure that the first lady of the land will have in her varied life.

No man quite realizes the pleasure that the normal woman gets out of shopping. She has an inherited love of fine fabrics, and is trained from girlhood to a discriminating sense of excellence in this kind of products. She feels the same elation in securing a nice piece of merchandise, that a hunter does in capturing a deer or a fisherman in landing a big trout.

The modern producers of textiles and clothing improve each year in their sense of harmony in color and design. Women who have any artistic idea can't help being fascinated by the beauty of all these works of human skill.

The satisfaction of shopping is not all in the acquirement of costly fabrics. There is also a pleasure in making moderate resources go to their uttermost limit. The woman who, after careful study of advertising and of the material offered, returns with an excellent piece of goods at a moderate price, feels a sense of elation. She has beaten the game of high prices, and she shows her trophy to her friends with a certain pride.

This is a satisfaction that can be had in a community like Englewood much better than in a great metropolis. Our stores are not under such heavy overhead and operating expense. They can supply all reasonable wants, without having to jack up their prices to pay for keeping a lot of costly superfluities on hand.

CHILDREN'S ACCIDENTS

Twenty thousand children are killed each year by accidents, according to figures given out by the American Red Cross. The country may spend its millions to fight disease. And then 20,000 of these little ones, in their heedless inexperience of life, throw themselves in the way of automobiles, fall out of windows, and in other ways bring sudden and devastating grief.

Some of these tragic fatalities could be avoided by enforcement of laws and growing sense of decency. The motorist who tears through a thickly settled street and considers heedless children as guilty of their own destruction, has elements of murder in his heart.

Children have a love for dangerous places. They climb to the top of a tall tree and enjoy scaring their frightened parents. A mild application of the rod when they get too risky, would avert some perilous stunts.

The American people are said to have taken to onions since prohibition came in, but so far none of the onion eaters of Englewood have been taken home at 2 a. m. and deposited in the front hall.

What Is the Golden Rule?

The Golden Rule of the Holy Writ is as follows: "Whatsoever ye would that men should do unto you, do ye even so unto them."

Applied to business, the Golden Rule means thirty-six inches to the yard, sixteen ounces to the pound, pure wool or silk when fabrics are claimed to be made of these materials.

The Golden Rule of business means honest merchandise truthfully advertised—values exactly as represented, and validity of the word, spoken or written.

In short, the Golden Rule means that, whether you are buying or selling, you should treat the other fellow as fairly and as justly as you would expect him to treat you if your positions were reversed.

ST. CARTHAGE CHURCH

The annual St. Patrick's day celebration to be given by the parishioners of St. Carthage church will be held at the Normal Park Masonic Hall, 6730 Wentworth Ave., on St. Patrick's night, Thursday, March 17.

On this particular year the feast of the patron saint of Ireland will be celebrated by the greatest dance and card party ever held on the south side. The dance is in charge of the Young People's Social Club, who have held so many successful dances in the past. The music for the dance will be furnished by the famous Lennon's orchestra. The card party will consist of bunco, euchre, and five hundred. The women of the parish have spent no little effort in procuring prizes for the card games and have collected many valuable prizes well worth winning.

Besides the dance and cards there will be other entertainment in keeping with the spirit of St. Patrick. A good time is in story for every one who shall attend this affair.

ENGLEWOOD BLUES TO GIVE DANCE

The Englewood Blue Baseball Association has arranged for a huge dancing party at the Englewood K. of C. clubhouse, 6323 S. Harvard Ave., St. Patrick's eve, Wednesday evening, March 16th.

Edmond J. Molyneaux, well known professional baseball man and athletic promoter, is chairman of the committee in charge.

Joseph A. Urban's popular orchestra will furnish the music.

Mr. Alexander Nisbe, late of 7140 Stewart Ave., died at his home last Wednesday. He was buried Saturday, with interment at Fairmont. He leaves a widow, one daughter, and seven sons to mourn his loss.

Mr. William Hoeck, 7313 S. Racine Ave., who died on Wednesday, was buried on Saturday from the Mt. Zion church, 81st and May Sts. Interment was at Mt. Hope.

D. O. I.

We certainly feel sorry for any D. O. I. who did not attend the "juvenile party" given by Auburn Park Court No. 205. Those who did attend are not through laughing yet.

Court No. 205 sure knows how to make folks enjoy themselves, so if you want to "get in" on what is being planned now, you will have to attend the next meeting and put your name down.

Gray hair restored to natural color. Mrs. Gitzen, 6329 Ashland Ave. Prospect 1436.

SPECIAL SERVICES AT 7th PRESBYTERIAN

Special services will be held at the Seventh Presbyterian church, 86th Place and Sangamon St., of which the Rev. Thomas Fulton Campbell is the minister, beginning Sunday evening, March 13th, and closing Easter Sunday evening, March 27th. Services will be held on Sunday, Tuesday, Wednesday and Thursday evenings at 7:45 o'clock. A special service will be held in the Sunday school Sunday, March 20th, at 12 noon. There will be excellent music by our large chorus choir, Y. M. C. A. quartet and soloists. Inspiring addresses by members of the Y. M. C. A. Business Men's Gospel Team Movement; good fellowship; a friendly greeting; a hearty handshake. The public cordially invited. Come and bring your friends. Strangers especially welcome. Cottage prayer meetings are being held in the different sections of the parish to prepare for these special services.

Dr. and Mrs. E. J. Meyer of Auburn Park have returned from a short vacation in Florida.

An unusually fine concert will be given at the Oglesby school on Thursday, March 10th, at 8 o'clock, by Armour Orchestra, under the leadership of Mr. F. W. Andrews and assisted by Miss MacManus, reader, and Mr. Chas. A. White, baritone. It is given under the auspices of the Parent-Teacher Association and the proceeds will go to the school.

Where are you going Friday evening, April 15th? Why, to the dance, of course, given by the Y. L. S. of St. Kilian's church. It is going to be given at Englewood K. of C. Hall, 63rd and Harvard Ave. Music by Sturner. Don't miss it.

GRESHAM WOMAN'S CLUB MEETS

The Gresham Woman's Club met March 4th with a very large attendance. The box luncheon at noon was a financial success, the amount realized to go to the Oakhaven Home building fund. The afternoon program was conducted by the art department of the club, Mrs. J. Fleck, chairman. Mrs. Wilbur Leigh gave an illustrated talk on "Treasures of the Art Institute," which was not only instructive but inspiring. Mrs. Chas. Clark spoke for the Oakhaven Home, complimenting the club on its activities and enthusiasm shown in raising a fund for so just a cause.

The club room was a profusion of colors by the numerous artistic exhibits of the school children in water colors, wall paper designs, cut work, crayons, posters, and art glass. Gresham Brebach and Edward Tuohy were awarded first prizes in bird houses. Other awards were given to Edwin Neusted, Stanley Grede, William Goldie, Burnette Smith, Meta Bringman; also exhibits from rooms 1, 2 and 9.

The next meeting will be March 18th, at which time the music department will have charge. Miss Clare Rockafield, chairman, will give a lecture-recital on American Music, beginning with the colonial period, coming on down to the music of today. This will be given in costume. Professional talent has been secured to represent the different epochs in American music.

Miss Emily Menz of 6038 St. Lawrence Ave. gave a dinner party Wednesday, March 2nd, for the girls of Reiss & Meyers, of which she is also an employe. The girls were: Tina Eelman, Mae Conrath, Frances Stachler, Eva Grannan, Mary Rheinhold, Clara Alfring, Ida Dupil, Clara Crane, Hannah McCurdy and Susan Cope. The table was beautifully decorated with pink and red roses, hand made baskets of roses and hand painted place cards. After the dinner the girls were entertained with games, music and dancing, assisted by Mae Conrath. Upon leaving one of the girls had mentioned it was Emily's birthday, much to the surprise of the girls. They all naturally congratulated her, also thanking her for the wonderful dinner and good time they had.

The ladies of the Federated church will hold an Easter social the evening of March 18th in the church parlors. A variety of baskets, flowers, also doughnuts and coffee will be on sale. Come one, come all, and enjoy a good time.

Miss Catherine Wise, a victim of a careless automobile driver, has returned home after six weeks in the hospital.

ROBERT EMMET COUNCIL MEETS

The Robert Emmet council staged what was considered the largest and most appreciative meeting at St. Anne's auditorium, Thursday evening, March 3rd, on the eve of Robert Emmet's birthday, in memory of the 143rd anniversary of the birth of Robert Emmet. The principal speaker of the evening was the Rev. Wm. J. Bergin, president of St. Viator's College, Bourbonnais College, Ill., who delivered one of the most brilliant orations on Ireland and America we ever had the pleasure of hearing. It remained for Mr. Joseph Graber to take the house by storm; the people went wild over his fierce, masterly address. Any council which is fortunate enough to secure the services of Mr. Graber will profit thereby and receive a rare treat. Fr. Cahill also spoke, lauding the council as the best in the city. Mr. Martin Higgins, an able, eloquent man and a veteran in the cause, spoke for Sergt. Prendergast, who is ill at his home, and offered stirring resolutions on the death of Champ Clark, the lifelong friend of Ireland and humanity. The sergeant sent word that he would bring fifty new members at the next meeting for the drive now going on.

There is now going on a friendly contest between the leading councils of the city. The Robert Emmet leads with sixteen hundred members; Nappen Tandy, fifteen hundred and fifty; Thomas Davis of Nativity, with thirteen hundred, and the Smith O'Brien of St. Cecilia's with eleven hundred.

The following artists entertained the great audience: Mrs. Agnes Tully Stevens, Mr. Edward Schreiner, Miss Ann Harrington, Miss Alice Devane, Mr. Leonard Huber, Mr. Jack Cunningham. Dancing, Paul Dillon and Miss Bernice Mahoney.

Seventy new members joined the colors and on the whole it was a memorable night for Ireland. There is a special meeting called for Saturday, March 19th, at St. Anne's for the purpose of asking for volunteers to canvass the parish to uphold the supremacy of this council.

POLICE CONTINUE QUEST IN MULVIHILL SHOOTING

Police continued today their attempts to pry into the secrets surrounding the fatal shooting of Timothy V. Mulvihill, ex-policeman, shot in a gun battle in the Little Bohemia cafe on the west side last week.

With Mulvihill at the time of the shooting was James Keane of Justine St. Keane declared the shooting was done without warning.

The proprietor of the place has been arrested. He refused to tell the police what prompted the shooting.

FATHER PEREZ SPRING DANCE AT WHITE CITY

Perez Athletic Association, of Fr. Perez Council No. 1444, Knights of Columbus, will conduct their annual spring dance on Friday evening, April 8th. Perez affairs are enjoyed by all and naturally are well attended. To accommodate the dancing public both ballrooms in White City have been secured.

Cope Harvey's wonder orchestra will play at the Perez dance in the White City ballroom and Travers' famous band of musicians will furnish the music that evening in the White City Casino.

Parties of friends are planning to attend the dance in groups. Many prominent ladies and gentlemen will be present.

The dance is being conducted by the athletes and friends of the council. This promises to be the feature event of the season. Everybody is welcome to enjoy it.

The New Auburn Health and Beauty Studios will open Thursday, March 10th, under the management of Ellen Hartquist and Agnes Rodholm, at 7912 Halsted St., 2nd floor.

L. C. B. A.

There will be a meeting of the L. C. B. A. Monday evening, March 14th, at the home of Mrs. Elizabeth McLane, 1021 W. 79th St. All L. C. B. A. members are requested to attend this meeting.

STAND ON YOUR HEAD AND BE HEALTHY

Stand on your head for health's sake, but stand on it under proper supervision. This was the ultimatum set forth today by Mr. and Mrs. C. W. Corbin, recently arrived here from New York. They claimed their idea met with great success in the east. Mrs. Corbin has been illustrating the rigors of the new system for ten days to many pupils in an improvised gymnasium in a local hotel.

"Standing upon one's head under proper supervision is as vital to the health as it is fatal to the dignity of the extremely patient patient," Mrs. Corbin said. "It aids in making the body nimble and healthful."

Mrs. Martha Tapper, who died Wednesday, was buried from her late residence, 921 W. 86th Place, Saturday. The remains were laid to rest in Forest Home cemetery.

Mrs. Barbara Linder of 7250 Calumet Ave. died last Wednesday. The funeral was held Saturday from St. Columbanus Church, with interment at St. Adalbert's cemetery. She is survived by two sons and two daughters.

Mr. and Mrs. Frank Blaney of Gresham are the proud parents of a baby girl born Friday. Mrs. Blaney was formerly Miss Marjorie Cox.

PAGEANT OF PROGRESS

Millions of visitors are expected to be attracted to Chicago this summer as a result of the interest already displayed in the Pageant of Progress exposition, to be held on Chicago's $5,000,000 municipal pier July 30 to Aug. 14. It will be the greatest event in Chicago since the World's Columbian Exposition of 1893.

The idea of the pageant was conceived in the brain of Mayor William Hale Thompson. At first he contemplated an exposition of the products manufactured and distributed in Chicago, with the aim of stimulating business, advertising Chicago as a world market, and giving employment to thousands of men and preventing a bread line.

This idea he submitted to a group of representative Chicago business men. Their response was instantaneous and enthusiastic. It was given publicity. The response from business men in general was as enthusiastic as that of the first small group, and the mayor said:

"The idea is good, but we haven't taken in enough territory. Let's include the whole middle west, the territory from which Chicago draws."

Governors of twenty states were invited to send representatives to a dinner given at the Hotel LaSalle by the Hotel Men's Association a week ago. A dozen were represented and promised to co-operate. All lines of industry were invited to be represented. More than 600 business and professional men responded, and the enthusiasm was so marked that the mayor said again:

"We must expand again. Let us take in the whole country," and that is now being done. Inquiries have already been received from every large city in America, and the Pageant of Progress exposition will present exhibits showing the progress made in every important industry and business for many decades.

For exhibition purposes the municipal pier, extending into the lake more than 3,000 feet, has been divided into sixteen sections, allotted to various industries. A chairman of each section has been named, and is now busy distributing the space among exhibitors. As an indication of the interest that already has been created, the building and material men held a luncheon at the Hotel LaSalle Wednesday, March 2, and after a twenty-minute talk by Dr. John Dill Robertson, health commissioner, oversubscribed the section allotted to them by several spaces.

David Kinley, president of the University of Illinois, has accepted the chairmanship of the educational section, and is not only preparing an exhibit showing the great strides education has made, but is naming sub-committees to co-operate with each other section, to show manufacturers and business men how they can make their exhibits generally educational as well as informative about their own businesses.

Clothing manufacturers will exhibit the style developments of a century; a transportation exhibit will trace progress from the days of the two-wheeled ox cart to the modern motor car and aeroplane; and machinery, leather, furniture and other manufacturers, the packers, the dairy interests, and hundreds of other lines will be represented.

John Wahl, vice-president of the Wahl Manufacturing Company, has taken a large space and will set up a miniature plant which will manufacture Eversharp pencils in full view of the crowds. He has also purchased 35,000 tickets and will send one to each of his agents. Dr. Robertson, who is in charge of the ticket distribution, has promised to sell a million tickets before the doors are opened.

Although the Pageant of Progress exposition is designed primarily as a business exposition, plans are being made to present an unrivalled program of amusement and entertainment. Athletic sports on land and water, an Indian village, bands and groups of singers, and naval maneuvers by the naval militia of all the lake states are among the entertainment features already being arranged, and many others will be added.

Now that their quarantine has been lifted, the Honley family of 8513 Sangamon St. have returned home.

SURPRISE PARTY

There was a big surprise party of twenty children at Richard and Frank Bailey's house, 8538 May St., Saturday, Feb. 26th. They played bunco and Edna Edge and Ruth Limpfoot scored highest for the girls' first and second prizes. Sam Edge and Frank Collins scored highest for the boys' prizes. And imagine Helen Cowdrey with the booby prize—but it was a nice prize, so Helen didn't care. The guests danced and played games and everyone had a royal good time.

Chiropractic for the Working Man

If there is one thing which is imperative for the working man to possess it is HEALTH. It maters not how good a job you have you are forced to occasionally "lay off" because of sickness. You may not be sick enough to be confined to your house. You may even be able to do your work after a fashion, but you are by no means well. You take little interest in your work. You are sometimes hardly able to drag one foot after another. Already your co-workers are wondering how long you will last. Sooner or later you will be told your day of usefulness has ended, and you will be forced to seek a new job.

You have lost your Health. It is therefore your duty to yourself and family to conserve your health so that you will not be relegated to the "scrap heap."

What will do it? Not poisoning your system with drugs. Not by mutilating your body with the surgeon's knife. CHIROPRACTIC VERTEBRAL ADJUSTMENTS WILL MAKE YOU HEALTHY AND WILL KEEP YOU HEALTHY.

The Chiropractor locates the cause of your trouble and with his bare hands alone, adjusts them. The cause will invariably be found in nerve pressure, which in its turn is caused by subluxated (displaced) vertebrae (small bones of the spine). Directly this nerve pressure is relieved, the vital force will flow uninterruptedly from the brain to the various organs and you will possess that which you seek, HEALTH.

Chiropractic is indeed a boon to the working man.

The next regular meeting of Iota Sigma Phi sorority will be held Thursday evening, March 10th, at the home of Miss Mildred Leonard, 7140 Lowe Ave.

It is figured to take 2,000,000 marbles annually to supply the children of every 1,000,000 population, or about 40 marbles for every child. Any infant of an investigating turn of mind will swallow that number.

The girls claim that paint and powder are a form of advertising, but a merchant who advertised with no more regard to the truth would soon find himself out of business.

"THAT LITTLE HUNGRY BOY"

(From a Picture)

This child so sad
In rags but clad,
Is speaking for others in need.
Ere they embark
For shadows dark
And aching hearts that bleed.

But he died last night
When the golden light
Hid away far in the west;
For the want of bread
His spirit fled
To its home and haven of rest,

In the Father's fold
Where no hunger cold
Will torture this little lad;
Away from the earth
That gave him birth
But denied him the food it had.

—Alma B. Wilson.

CARE OF TEETH

By Dr. H. N. Novy

All questions relative to the care of teeth, mouth hygiene, etc., if of general interest, will be answered in this column. When space will not permit, letters will be personally answered.

Pregnancy and Decay of Teeth

It is a well known fact that during pregnancy a softening of the bones of the mother may occur. This is no doubt due to the absorption of certain mineral salts from the bones of the mother, which salts are necessary for the growth and development of the unborn child. Whether this phenomena may influence the decay of teeth remains to be proven. Still there is every reason to believe that the resistance of the tooth structure may be lessened to such an extent as to invite decay.

During the pregnancy period, an excessive amount of acid, due to vomiting, is usually present. It is safe to presume therefore that the action of these acids upon the teeth may cause them to decay. A very effective remedy to neutralize the action of any acids present is the regular use of lime internally, or milk of magnesia or limewater as a mouth wash.

To some authorities, decay of teeth during pregnancy is merely a question of diet. Reduce the candy and cracker consumption between meals and most tooth trouble during this period will be eliminated.

The teeth should receive all necessary care during pregnancy, that the mother should not suffer pain. But the work should be of a temporary nature, in order to avoid shock.

Any abnormal condition of the mother should be corrected, if possible, in order that her general nutrition and that of the child may not suffer.

The use of chewing gum after meals has been of value to some people who are susceptible to decay of teeth. It seems that the friction produced in chewing aids in removing fermentable food, and in addition the chewing promotes a free flow of saliva, which neutralizes the acids in the mouth.

If the mother will regulate her diet so as to eliminate starchy foods as much as possible, and in connection with this precaution use limewater or milk of magnesia as a mouth-wash regularly, she will pass through the period of pregnancy almost totally free from decayed teeth.

VALUE OF PUBLICITY SHOWN IN CRIME

When Willie Dalton, juvenile bank robber, surprised the country in the largest theft of gold bonds from the Northern Trust Company, last week, executives of the bank called in press representatives from the different papers and press associations of Chicago.

Within 48 hours after the youth absconded he was apprehended in a little town in Illinois and the bonds, with the exception of $500, were recovered.

In commenting on the arrest of the thief and the recovery of the bonds, bank executives highly praised the work of the press. In a statement issued, W. S. Miller, vice-president of the bank, said:

"The boy's picture and description were scattered so widely that he had hardly a chance of getting away. I attribute his capture to the splendid co-operation given us by the newspapers."

HOTEL FIRES

The terrible fate of twelve people who lost their lives a few nights ago in a fire in a hotel at Hoboken, N. J., will make many people do some serious thinking, as they go to bed in unfamiliar quarters away from home.

A fire in a hotel always seems a terrible thing. People are confused when they wake up in a strange place, and hardly know what to do for a few moments. While they hesitate, the fire may have gained astonishing headway. Elevator wells and air shafts make danger places in many inns. Many of these buildings are erected in a light and inflammable way, and the upper stories of high non-fireproof structures, are a place of peril. Alert watchmen always on the lookout, and ample fire escapes, are needed for the safety of the public.

YOUR MISTAKES

Neither let mistakes nor wrong directions, of which every man, in his studies and elsewhere, falls into many, discourage you. There is precious instruction to be got by finding we were wrong. Let a man try faithfully, manfully, to be right. He will grow more and more right.—Thomas Carlyle.

The Germans generously promise to "assist" in repairing the damage that they themselves created.

INCOME TAX FACTS YOU SHOULD KNOW

Frequent inquiries are received by collectors of internal revenue from storekeepers and other business men as to whether the taxpayer in business for himself may deduct from his gross earnings an amount of salary paid to himself. Wages or salary drawn by a taxpayer from his own business are more in the nature of a charge out of profits than a charge against profits. If deductible they would merely be added to his income and the effect would be to take money out of one pocket and put it in another. Therefore, claims for such deductions are not allowable.

Salaries paid to minor children employed in the conduct of a taxpayer's business are not allowable deductions. If, however, a son or daughter has attained majority, or is allowed free use of their earnings without restriction, a reasonable amount paid as compensation for their services may be claimed.

A farmer who employs a man to assist in the operation of his farm may deduct from gross income the amount paid for such services. Likewise, if he employs a woman whose entire time is occupied in taking care of the milk, cream, butter, and churns, or if her services are devoted entirely to the preparation and serving of meals furnished farm laborers and in caring for their rooms, the compensation paid her is an allowable deduction. If, however, she is employed solely in caring for the farmer's own household no deduction can be made.

In arriving at net income upon which the tax is assessed, deductions may be made for ordinary and necessary business expenses. The revenue act specifically prohibits the deduction of personal, family, or living expenses. Such expenses include rent for a home, wages of servants, cost of food and clothing for the family, education of children "and all items connected with the maintenance, well-being, and pleasure of the taxpayer and his family."

An Internal Revenue Office is open every day at 712 West 63rd St., where any or all information or assistance needed may be had without charge.

STATE TO BUILD 500 MILES OF ROAD

SPRINGFIELD, Ill.—Five hundred miles of new roads will be built by the state this year if the plans of the state highway department are completed. Bids for the first 150 miles will be considered by the loan department on February 13th.

FOR THE LADIES

Some bright person has wisely described the formula for remaining young: "Be stylish. Be smart. Be up on every new dance and every new movement. Don't reminisce. Don't settle. Keep moving—and be lively about it."

THE SPACIOUS FIRMAMENT ON HIGH

The spacious firmament on high,
With all the blue ethereal sky,
And spangled heavens a shining frame,
Their great Original proclaim.
The unwearied sun, from day to day,
Does his Creator's power display,
And publishes to every land
The work of an Almighty hand.

Soon as the evening shades prevail
The moon takes up the wondrous tale,
And nightly to the listening earth
Repeats the story of her birth;
Whilst all the stars that round her burn,
And all the planets in their turn,
Confirm the tidings as they roll,
And spread the truth from pole to pole.

What though in solemn silence all
Move round the dark terrestial ball
What though no real voice nor sound
Amidst their radiant orbs be found;
In reason's ear they all rejoice
And utter forth a glorious voice;
Forever singing, as they shine,
"The hand that made us is Divine."

—Joseph Addison.

MUST PAY INCOME TAX ON BONUSES

Only single persons whose net income for 1920 was less than $1,000 and married persons living with husband or wife whose net income was less than $2,000 are exempt from the requirement to file an income tax return.

The obligation to consider his own case and to file an income tax return on time, if one is due, is laid squarely on the shoulders of every resident of the United States. Guesswork is barred. The returns are sworn statements, and accuracy is essential. Salaried persons and wage earners must ascertain the actual compensation received. Bonuses, shares in the profits of a business, values of quarters and board furnished by an employer, and other items of compensation for services must be included.

Gross and Net Income

Returns must show both gross and net income. Gross income includes practically every dollar received by the taxpayer during the year 1920. The net income is determined by subtracting from gross income certain deductions specified by the revenue law, and fully explained in instructions on forms 1040A and 1040 for filing returns.

Business expenses are the principal allowable deductions in computing net income. The law specifically prohibits the deduction of household and living expenses. Typical deductible business expenses are for salaries, labor, cost of merchandise, raw materials and supplies, rent, repairs, light, power, delivery, selling cost, advertising, and insurance. Doctors, lawyers, and like professional men may deduct from their gross income dues paid to professional societies and subscriptions to professional journals, rent paid for offices, amounts paid for light, fuel, water, and telephone used in such offices, and the wages paid to office assistants.

When Due

This year, as last, the tax may be paid in full at the time of filing the return, on or before March 15, 1921, or in four installments, the first of which is due on or before March 15, the second on or before June 15, the third on or before September 15, and the fourth on or before December 15.

The return must be filed with the collector of internal revenue for the district in which the taxpayer lives. Heavy penalties are provided for failure or willful refusal to make a return and pay the tax when due.

THE JOYS OF SHOPPING

When the women read how Mrs. Harding is busying herself with shopping, in search of the elaborate equipment she will need for her experience in the White House, they feel a thrill of sympathtic interest. Most women would enjoy this chance to buy beautiful things freely, about as much as any other pleasure that the first lady of the land will have in her varied life.

No man quite realizes the pleasure that the normal woman gets out of shopping. She has an inherited love of fine fabrics, and is trained from girlhood to a discriminating sense of excellence in this kind of products. She feels the same elation in securing a nice piece of merchandise, that a hunter does in capturing a deer or a fisherman in landing a big trout.

The modern producers of textiles and clothing improve each year in their sense of harmony in color and design. Women who have any artistic idea can't help being fascinated by the beauty of all these works of human skill.

The satisfaction of shopping is not all in the acquirement of costly fabrics. There is also a pleasure in making moderate resources go to their uttermost limit. The woman who, after careful study of advertising and of the material offered, returns with an excellent piece of goods at a moderate price, feels a sense of elation. She has beaten the game of high prices, and she shows her trophy to her friends with a certain pride.

This is a satisfaction that can be had in a community like Englewood much better than in a great metropolis. Our stores are not under such heavy overhead and operating expense. They can supply all reasonable wants, without having to jack up their prices to pay for keeping a lot of costly superfluities on hand.

CHILDREN'S ACCIDENTS

Twenty thousand children are killed each year by accidents, according to figures given out by the American Red Cross. The country may spend its millions to fight disease. And then 20,000 of these little ones, in their heedless inexperience of life, throw themselves in the way of automobiles, fall out of windows, and in other ways bring sudden and devastating grief.

Some of these tragic fatalities could be avoided by enforcement of laws and growing sense of decency. The motorist who tears through a thickly settled street and considers heedless children as guilty of their own destruction, has elements of murder in his heart.

Children have a love for dangerous places. They climb to the top of a tall tree and enjoy scaring their frightened parents. A mild application of the rod when they get too risky, would avert some perilous stunts.

The American people are said to have taken to onions since prohibition came in, but so far none of the onion eaters of Englewood have been taken home at 2 a. m. and deposited in the front hall.

Dependable Merchandise at Lowest Prices

What Is the Golden Rule?

The Golden Rule of the Holy Writ is as follows. "Whatsoever ye would that men should do unto you, do ye even so unto them."

Applied to business, the Golden Rule means thirty-six inches to the yard, sixteen ounces to the pound, pure wool or silk when fabrics are claimed to be made of these materials.

The Golden Rule of business means honest merchandise truthfully advertised —values exactly as represented, and validity of the word, spoken or written

In short, the Golden Rule means that, whether you are buying or selling, you should treat the other fellow as fairly and as justly as you would expect him to treat you if your positions were reversed.
